## WHEAT FIELDS AT THE FORT ALREADY TURNING GOLDEN

Cutting of Bumper Crop to Commence by the End of the Month

CONDITIONS ARE GOOD

Farmers Have Done More Breaking Already Than in Three Previous Years

However alarming the reports from other parts of the continent are, there is nothing with our own district in which a season of unusual drought seems already assured. A drive from Ft. Saskatchewan into the country east and south, one of the best in point of natural beauty in the whole west, confirms this opinion. Crop failure is never known here for very obvious reasons. Those who occupy the land really farm. They don't mine, as the man who is a grain-grower and nothing else, is not the proper one to do it. In some years the sample of wheat and oats is not of the best export variety it is always of very decided value for other purposes. Drought, in the sense that it is being experienced elsewhere, is new to us in this neighborhood. The rainfall is heavy nine years out of ten, but if it should happen to be light, the soil has such moisture-retaining properties that the result is not serious. Twenty years ago there was no winter and a whole year elapsed without any rain, but the farmers out in the Beaver Hills had a harvest.

Large Winter Wheat Increase

The outstanding feature of the present situation, in the country within an eight to ten mile radius of Fort Saskatchewan, are the large increases in the winter wheat area and the prospect of early maturity for all grains. The winter wheat looks well, and the well and most of it will make large returns to the acre. It would not be surprising if it averaged up to thirty bushels. The success which it has met with has led to many others taking it on and on all sides one sees a great deal of breaking being done with the idea of putting in this crop at the end of the present or the first of next month. As for the spring grains, wheat is not far behind the winter variety. The one will be cut the first week in August and the other by the middle of the month. The early sown oats do not look particularly well. The weeds have made great progress at their expense, but those put in later are coming along rapidly and should make an excellent crop. Much has been said about the hay not being up to the mark. What was true yesterday does not bear on the present in this particular. There is not a great deal of timothy but what there is looks well. There is a particularly fine field in the farm of the Bentley Brothers. The bottom hay is short but thick.

Mr. Walker's Wheat

Three miles to the northeast of Fort Saskatchewan, F. A. Walker, M.P.P., has a winter field that has attracted notice from far and wide and that is a large measure responsible for the large amount of breaking that is being done preparatory to putting in this crop. It is eighty-two acres in extent, stands four feet high and will probably go thirty-five bushels to the acre. As well advanced as it is that there is no question about its being ready to cut by the end of the month. About the middle of May, after the dry spring, it didn't look to have much of a chance and the fact that it has come on so well, despite these unusually unfavorable conditions at that critical time, has given Mr. Walker all kinds of confidence in the possibilities of the district for winter wheat growing in the area. He intends to increase his acreage to a very large extent.

Traveling east one sees many evidences of prosperity. El. Simmons, formerly superintendent of the Elk Island Lake park, has erected a very handsome house on his place. Mr. Simmons' reputation for horse-raising extends far and wide. In addition he has a farm which it is a delight to glance over. It has 250 acres in crop, most of the grain coming along well. All through the German settlement

## SEND THANKS FOR THEIR SOUTH AFRICAN MEDALS

City Commissioners Receive Replies to Notice Sent to S. A. Veterans

The city commissioners are receiving replies to notices sent out to several men who represented Edmonton in the South African war, relative to their medals which were presented to the veterans by the city. The men who received notices have all sent replies, except one or two.

The following letter was received this morning from H. A. Head, now of Coeur d'Alene, Idaho, July 10, City Commissioners, Edmonton:

Gentlemen,—With deepest feelings of appreciation I return thanks for the very beautiful and valuable token of the kindness of the people of Edmonton. I am pleased to add that I went to South Africa to help subdue the enemy and I was one of the few Canadians that had the satisfaction of finishing the job we tackled.

I have the honor to be, gentlemen, Your obedient servant,  
H. A. HEAD.

## WHEAT AND BARLEY IS FIVE FEET HIGH

Spring wheat five feet high, from the Clover Bar district, barley, 3 feet, to inches high, and with large plump heads, from near Leduc.

Rej. Clover, 2 feet, 6 inches high, and samples of red clover and alfalfa, that were growing together. These are some of the samples of grain and clover that J. L. Portie, who has charge of the preparation of the provincial exhibit at the Toronto and other fairs, has just brought in from a recent trip through the country.

## R.N.W. POLICEMEN WENT ON A SPREE

Ten Members of Calgary Detachment of Mounted Police Disgrace Themselves

SENTENCED TO 2 MONTHS  
Will Be Confined to Guardroom for Their Rebellious Conduct

(Special to The Capital.) ... Calgary, July 14.—Ten local constables of the North West Mounted Police were sentenced by Capt. Deane today to two months in the guardroom for rebellious conduct. It is said they went on a spree to the Red Light District, and when ordered to return by officers sent after them refused to do so for nearly twenty-four hours.

The men are recruits who recently enlisted in Toronto. The names are withheld, but it is said none of them are South African veterans.

## NINETY BABIES WERE SMOTHERED

Des Moines Coroner Says Small Babies Should Not Sleep With Parents

Des Moines, Ia., July 14.—The fact that ninety babies have been found dead in the last year in Des Moines has induced Coroner Iver G. Newlen to seek a law making it a crime for parents to sleep in bed with an infant child under 2 years of age.

Newlen points to the fact that one baby a day has died in Des Moines during the last year and it is to reduce this mortality that he advocates a law.

"I am satisfied that of the babies found dead in bed with their parents a large percentage were smothered."

Handsome new stripes in fancy hosiery at Kelly & Moore's.

HARRY HEISEL  
The Young Man Who Lost His Life in the River Yesterday

## SASKATCHEWAN CLAIMS VICTIM

Harry Heisel of Strathcona Was Drowned While in Bathing Yesterday Afternoon

WAS ONLY SON IN FAMILY

Boy Was Enjoying Himself With Companions When Swift Current Draggd Him Down

A sad accident occurred yesterday afternoon about 2:30 o'clock, when Harry Heisel, the only son of Mr. Henry Heisel of First Avenue, north, Strathcona, lost his life while bathing in the river to-day and after a while the boys agreed to go in for a swim. They had been in the water about twenty minutes when the attention of his friends was attracted by Harry, who was a little way out in the river, calling for help.

Went in Swimming

The youth, in company with a number of other boys of his own age, Willie Fowler, Harry Ego, the two Mande boys, two sons of Mr. T. Roth, and Harry Campbell, went down to the river to fish and after a while the boys agreed to go in for a swim. They had been in the water about twenty minutes when the attention of his friends was attracted by Harry, who was a little way out in the river, calling for help.

Tried to Rescue Him

Harry Campbell immediately went to his assistance, followed by the others, and endeavored to help him out; but Heisel held his would-be rescuer so tightly that it was only with difficulty that he could extricate himself from the grip of the drowning boy, who was evidently suffering from cramps. When he had freed himself the current seized Heisel and swept him down stream until he was opposite the outlet of the Strathcona sewer main, where he went down for the last time, his hands clutching the air in a last vain effort to seize on something that would hold him above the swiftly moving stream.

Try to Find Body

The boys rushed to the power house and telephoned a hurry call to the police and to his friends up town. Boats were dragged to the shore and quickly launched. Everyone available helped in the effort to save the lad. Up to the time of going to press the body had not been recovered. Last evening the Strathcona police and a number of men from Walter's mill worked all day to the night with drag hooks and this morning Mr. Duggan, the mayor of Strathcona, organized a party of volunteers to continue the search, which they are afraid will be a fruitless task.

Sympathy for Family

Everyone is sympathizing with Mr. Heisel in their bereavement. Harry is their only son—his career short cut at a time when everything looked promising for a brilliant future. He had just finished his examinations for a second class certificate at the college institute and would soon have passed into the University of Alberta. His teachers are unanimous in their praise of his diligence and cleverness.

He was born in Stillwater, Minnesota, and would have been sixteen years old on the 29th of October this year. At 5 o'clock every morning, he worked hard at his studies and had great ambitions for his future.

(Continued on Page Six.)

## OWNERS OF FILMS TO DELAY EXHIBITION

Will Wait at Least Two Weeks for Public Sentiment to Subside

New York, July 14.—The owners of the Jeffries-Johnson fight pictures, shaken by the far-reaching storm of protest, announced today that they will wait at least two weeks before attempting to offer the pictures for public exhibition. They hope the public outcry will have died down about that time and that officials will not be so fearful of riots in cities where race feeling runs high.

This gives the promoters a chance also to postpone the action of the national board of censors whose decision they have been quoted as saying they would obey. The board will not pass upon the films until they are presented at the offices of the Motion Picture Patents company for inspection.

## SENTIMENT IS STRONG

Twenty Thousand Negroes Command Prohibition of Pictures

Washington, D. C., July 14.—One of the strongest indications of the sentiment against the Johnson-Jeffries fight pictures was evidenced today when a religious organization representing 20,000 Baptist negroes in Washington publicly commended the district commissioner for barring the films from here.

## CIVIC OFFICIALS SENT TO PRISON

Mayor and Aldermen of U. S. Town Are Sent Down for Conspiracy

AGREED ON APPOINTMENT

Mayor Conspired With Certain Aldermen Regarding Appointment of Fire Chief

Salem, Mass., July 14.—With the conviction and sentencing of Mayor Wm. P. White, of Lawrence, and several other residents of that city on conspiracy charges in the superior court here yesterday, political scandals which have stirred the city of Lawrence for some time past reached a sensational climax.

Conspired for Approval

Found guilty of conspiring to obtain the confirmation of the Board of Aldermen, of Mayor White's appointment of James A. Hamilton as chief of the Lawrence fire department, and of conspiring later to obtain Hamilton's removal from that position, the mayor was sentenced to 3 years in the Essex county house of correction and to pay a fine of \$1,000.

Others Sentenced

Samuel Kere was sentenced to two and half years imprisonment, Matthew Burns to two years, and Geo. D. Smart to a year and a half. Ernest Dube, also convicted, was not sentenced, his case being placed on file because he gave evidence for the prosecution.

## WANT CHARLTON SENT TO ITALY

Italian Authorities Sending Formal Request by Special Messenger

Washington, D. C., July 14.—The formal request for the extradition of Porter Charlton, charged with killing his wife at Lake Como, Italy, has been forwarded by special messenger from Rome to London, which, on receipt, will be sent on to Washington by the first fast mail. Word to this effect has reached the state department through its embassy in Rome.

## TODAY'S GRAIN MARKET

Winnipeg, July 14.—Quotations: Wheat—No. 1 Northern, \$1.13; No. 2, \$1.10; No. 3, \$1.04. Oats—\$0.85; Barley—\$2.00. Futures—Wheat—July, \$1.14; October, \$1.05; December, \$1.04. Oats—July, \$0.85; October, 40¢; December, 30¢. Barley—July, \$2; October, \$1.00.

## FEDERAL DEPARTMENT CROP REPORT IS ISSUED

Ottawa, July 14.—The Census and Statistics office today reported on the condition of field crops and the number and condition of farm animals.

Wheat was 85.4 this year compared with 87.08 in 1909.

Oats were 96 in 1908 and 93.81 in 1909 and this year 88.25, 1909, 80.04 this year, last year it was 81.43 and in the previous year 82.

The condition of mixed grains is nearly the same, being 84.53 this year, 86.58 last year and 84 in 1909. Hay and clover is better this year than in either of the previous years, being 91.42 compared with 76 in 1909 and 87 in 1908. The condition of alfalfa has been recorded this year for the first time and its average is 88.08.

C. N. R. Crop Report

Winnipeg, July 14.—Crop reports for the past week furnished by the C. N. R. show that throughout the west growing conditions have almost

in every section been excellent, gentle rains have visited the farmers, and this, with the temperate and warm weather has worked wonders in the development of good wheat and plump oats.

In Manitoba the crops are generally doing fine.

Fine in Edmonton District

"Crop conditions are the best ever to be remembered in this district," is the bulletin from White Plains, from White Plains to Edmonton news of an equally encouraging nature has been received as well as from the points touched by the road beyond Edmonton.

In three or four districts it has been reported that the yield this year cannot come up to that of last harvest, but this is in isolated cases only. The ideal weather of the past ten days has caused a welcome revival in the appearance of the fields.

## ON THEIR WAY TO CONQUER ROBSON, KING OF ROCKIES

An attempt at the ascent of Mount Robson, the highest peak in the Canadian Rockies, will be attempted shortly by two experienced English mountain climbers, Messrs. N. Collic and A. L. Mumm, who are in Edmonton on their way to the scene of operations. Messrs. Collic and Mumm are guests of the Alberta Hotel during their stay in the city.

The latter made an attempt to reach the summit last September, about three weeks after the Rev. George Kennedy, of British Columbia, made his successful expedition. Mr. Mumm was rather late in gaining his ascent, and in consequence was forced to abandon the idea by a blizzard, and otherwise inclement weather. However, he expects to be successful on this occasion in company with Mr. Collic.

Mr. Collic has been in Canada three times before, the last visit having been made in 1908, when he accompanied with Mr. H. E. M. Sutcliffe. On that occasion these gentlemen made a prolonged exploration of the Canadian Rockies, and in the following year wrote a book descriptive of their travels, and ascents. Mr. Collic's first visit to Canada was made fifteen years ago. During the course of a conversation with a Capital reporter, Mr. Collic expressed his intention of returning to the mountains.

## RECORD NUMBER IN KING'S PRIZE

Twenty-Two Canadians Now in Last Stages of Big Bislé Event

Bislé, July 14.—With the completion yesterday of the first stage of the King's prize competition, there are now competitors with scores of 90 who will have to shoot off for five places among the 300 who are eligible to shoot in the second stage on Friday. Sergeant Bayles of Toronto is among those who should be who place their bets on the 23 Canadians qualified to shoot on Friday. This constitutes a record.

The scores of Canadians at the 60-yard range were: Bayles 32, Brown 28, King 31, Mortimer 33, Richardson 31, Stuart 33, Bayles 30, Crowe 33, Clifford 30, Drysdale 31, Eastwood 32, Forrest 31, Freeman 31, Hutchinson 33, Laitner 30, Melnes 31, Mitchell 31, McKie 30, Morris 35, Mitchell 33, Russell 35, Rowe 29, Steele 34.

Col. Sergt. Greet of Toronto has been in Aldershot hospital for a few days.

## Aggregate Scores

The aggregate scores of the Canadians for their three ranges were: Crowe 102, Melnes 100, Morris 103, McKie 97, McFarrell 99, Steele 102, Mortimer 101, Richardson 99, Drysdale 99, Bibby 98, Freeman 98, Sharpe 98, Forrest 98, Stuart 99, Russell 102, Steele 100, Hutchinson 99, Whitehorn 98, Laitner 95, Eastwood 97, Mitchell 96, Bayles 96, Clifford 93, Bowen 90, King 90.

Duke of Cambridge

The Duke of Cambridge match at 900 yards was also fired yesterday. This competition is open to all comers, and each competitor has ten

pressions of the rapid development of Western Canada as "perfectly extraordinary."

"When I was here first," said Mr. Collic, "the west was practically empty. Winnipeg was but a village and further west there was hardly any thing to resemble civilization."

Speaking of the Rockies, Mr. Collic said: "Canadians haven't tumbled as yet to the valuable asset they have in the Rockies. They are at present too much interested in the development of the prairie. Later on they will discover to their surprise what the splendid range of mountains means to the country."

"You mean in the way of minerals?" suggested the reporter.

"That shows how little you know of the Rockies," commented Mr. Collic. "Inside of a few years you will find that the Canadian Rockies will be the pleasure resort of North America. Dozens of trains will come through here from the United States and Eastern Canada, bringing multitudes of tourists from all over the world."

Messrs. Collic and Mumm have made ascents of notable mountains in Europe and Asia, on different occasions, and recount many experiences they have gone through. They leave on Saturday for the mountains.

shots. First prize is twenty pounds. Canadian scores were: Bibby 34, Crowe 40, Drysdale 38, Eastwood 41, Forrest 30, Freeman 44, Greet 34, Laitner 38, Melnes 44, McFarrell 38, McKie 38, Morris 40, Mitchell 39, Russell 40, Rowe 47, Steele 44, Steele 44, Sharpe 42, Whitehorn 43, Bayles 45, Bowen 40, King 30, Mortimer 45, Stuart 41.

All Corner's Aggregate.

In the All Corner's Aggregate, Private Steaks, Gneish, Sergt. Richardson, Victoria, Sergeant, Crowe, Gneish, Lieut. Mortimer, Ottawa, Sergt. Freeman, Hamilton, Sergt. Mitchell, Hamilton, Sergt. Bayles, Toronto, in sixth, eighth, eleventh, twelfth, 23rd, 28th, and 36th places respectively, each won a bronze medal, while Private Laitner, Toronto; Sergt. Steele, Toronto, and Gunner Sharpe, Montreal, in 41st, 44th and 48th places respectively, each won two pounds.

## KING ASKED FOR DETAILS OF FIRE

Sent Sympathetic Message to Campbell and Hoped No Lives Were Lost

St. John, N. B., July 14.—Lienenant Governor Tweedie last night received indirectly the following message from King George:

"I thank you for the following message received by Lieutenant Governor Fraser today: 'The King is much distressed to hear of the terrible fire in Campbellton, in 41st, and 48th places respectively, each won two pounds.'"

(Signed) ARTHUR BIGGS, "Secretary."

Lieutenant Governor Tweedie called particulars.

THURSDAY, JULY 14, 1910.

The Alberta continues to use strong language regarding the Cushing charges. What it had to say yesterday is reproduced in full on this page. Its plea for Mr. Cushing and its attack on his critics might have some weight, but for the rather essential circumstances that these charges were given publicity to by one newspaper before the ex-minister left the country, that they were called to his attention by another and that he replied he intended to do nothing about them. Sympathy for a man who would get out of the way with all this hanging over him is rather misplaced. The article published in The Capital simply amplified what had already appeared in the press, presenting evidence from which most people, gifted with ordinary common sense, will say is quite conclusive. The Alberta still insists that this paper had all the facts in its possession when Mr. Cushing gave his evidence. This is not a matter of great consequence but the Alberta's statement is wholly incorrect. If Mr. Cushing can prove himself innocent of the accusations against him, he will not suffer in any way from a delay of two or three weeks in taking action. In the mean while the Alberta has a monopoly of all the indignation that is expended out of sympathy for Mr. Cushing and it is plainly simulated.

The report of the U. S. department of agriculture in regard to crop conditions is startling. It is not an infrequent occurrence for different sections to suffer so severely from drought. But it is seldom that the calamity is so widespread as in the present instance. In this part of the world we have had our troubles occasionally from frost damage. This is something which all new countries have to go through. Ontario and Manitoba suffered this in turn, but with settlement they began to lose sight of the possibility. However, at its very worst, frost is not to be feared to the extent that drought is. With same farming methods and complete dependence not being placed on the sale of grain, frost can never produce anything like a complete failure of the season's operations. But with drought there is nothing to show. Incidentally it might be observed once more that the worse conditions appear away from home, the better the reports from our own half of the settled portion of the province become.

Yesterday five men were reported killed in Germany in an international balloon race. The day before news came of the death of that daring aviator, Hon. C. S. Rolls, the first man to make a return journey across the Channel. The latter particulars of the wreck of Zeppelin II, as told in the scientific publications, indicate how great a loss was actually sustained and what a disaster was narrowly averted. The colossal disaster, if instead of breaking into three pieces on a cliff, it had been blown one hundred yards further over the open fires of some iron mines, would have exploded with enough force to demolish every structure in the city. It is quite evident that though tremendous progress has been made in recent months towards that end, man's mastery of the air is not by any means altogether accomplished as yet. What has to be done now is to study to better effect the element in which the aeronaut must do his work. At present he is at the mercy of the winds. Professor A. L. Rotch of Boston has been recently making some interesting tests as to air velocities and concludes that "the currents in the various levels of the atmosphere are of vastly more importance to the aeronaut than are the ocean currents or surface winds to the sailor." At high levels it is evident that no airship could live; and as the air is more unstable than the sea, the navigator, unless the signs are plain and to be read in the movement and gathering of clouds, can never be sure how long the winds will be kind to him. There are days when they are kind, and serenity is assured so

long as the sky is bare of clouds. He may cast off and soar and sail to his heart's content, although even then he must have a care not to rise too far into the unknown. At other times, in an element so uncertain and that may be gauged by so few visible signs, how is he to know what fate to expect with no saving medium like the substantial sea beneath his keel?

## What Others Say

## A WARM PROPOSITION

(Calgary News)  
As an aftermath of the red-hot campaign in Winnipeg, Man., The Daily News learns by the Tribune of that city that Joseph A. Clarke, of Dawson City, Edmonton and elsewhere, was taking an honest and earnest interest in the platform in that city in the cause of good government. "Joe" is a hot tamale on any platform and in Winnipeg would be a particularly warm proposition.

## KEEPING IT UP

(Calgary Alberta)  
As an excuse for his cowardly conduct in making a serious charge against Hon. W. H. Cushing when he was thousands of miles away and unable to make a defence, the Edmonton Capital, chief of the Rutherford mouthpieces, replies that Mr. Cushing should have remained in Alberta until it was pleased to make the assault upon him. That is somewhat amusing. Public men have no right to go away upon holidays, even in the summer time, because a certain newspaper, which has no respect for the common courtesies which guide the press, may want to throw something at them before they depart.

That is only an excuse. If Mr. Cushing had remained in Alberta the Capital would never have made the attack. He was away and the Capital acted. The Capital says that it did not have the facts before. The Capital can tell that to the millions. Every member of the legislature, before the house rose, was informed that the Capital had a Cushing scandal and was preparing to spring it. The Rutherfordites were chuckling about what the Capital was going to do to Mr. Cushing. The story was that they had photographs and checks, and everything like that. If the Capital did not have the information and the checks, the hundreds of the Capital did have them. The information, or whatever you may call it, was available, and was being held until an opportune time, and that opportunity was when Mr. Cushing had gotten nicely away from Alberta upon a well-earned holiday, and could not nip the story in the bud. That was the time the scandal could do its worst.

## HUMAN NATURE AND SMALL TOWNS

(Chicago Tribune)

When young Mr. and Mrs. Theodore Roosevelt Jr. were suffering from good natured but trying impertinence in New York and Chicago, many estimable journalistic authorities in smaller cities and towns ascended the high mountain of righteousness to sound the praises of their own communities. A high shrill note of glorified contentment came from the pipe of the Des Moines Capital and the listener was convinced that the nimble fingers of none other than Col. Alf. Young were giving expression to the jubilant notes.

From these disgusting exhibitions of metropolitan boresness it is a pleasure to turn to the quiet dignity and good manners which are the dominant note of life in the smaller cities and towns, "piped the colonel."

We emerge from our sackcloth and ashes, not to contented against a yolk of the small town which deserves all that can be said in its praise—but to toss the argument for what it is worth the fact that these young victims of parental prominence have been harried across the continent from one small town to another and now in Santa Barbara are making ineffectual attempts to preserve their incognito "in a backboard drawn by a seraphic old horse."

We do not know what this proves—unless it be that human nature is much the same in Kokomo as elsewhere, as was set forth in a popular play. We merely comment and return to our sackcloth and ashes.

Our special Suit Sale only lasts the balance of July. Get in. The Boston.

**WHEAT FIELDS AT THE PORT**  
(Continued From Page One)  
Flintoft, and Richard Gordon. A little further on we come into the Agricultural settlement and to the splendid farm of Chris. Boss, who has eight hundred acres in a first-class state of cultivation. Mr. Boss has 100 acres in summer fallow, which he will sow to winter wheat. There are few better farmers in Alberta than George Armstrong, who has 350 acres in crop. One field of 125 acres is about the best sample of spring wheat to be seen in this part of the province. It will undoubtedly go 35 bushels. Nearby, Albert Shackleton, after eighteen years of industry has established a fine farm home. He has close to 200 fine farm home. He has close to 200 50 acres for winter wheat. Hugh Irwin, with his 800 acres, 250 in crop this year, has a place that can well be a source of pride. J. Carscaden has a delightfully situated farm, it being possible to scan the country for thirty miles from the rear of his home. He is putting in one hundred acres of fall wheat. William Walker's old homestead, one of the first in Alberta, shows the result of years of careful management and patient toil. An offer of \$24 per acre for the property was refused the other day. Near-by, Harry Burns sold 240 acres recently for \$20 an acre. This is nine miles from the Port.

The best field of oats to be seen in the course of the trip was on the farm of Charles Walker, five miles from town, whose one hundred acres in this crop were in tip-top condition. Mr. Walker has the reputation of being one of the best farmers in the neighborhood. His experience, in a season when early-sown oats are not up to the average of other years, indicates what a man who knows his business thoroughly can accomplish.

## Much Development in Store

Speaking generally, everything points to a good year, and one the results of which will lead to much greater development in the immediate future. Those to whom the representative of the Capital spoke were agreed that as much breaking was being done this season as in the three previous ones combined. Considerable land is already changing hands, and much of that has been the hands of speculators will be cultivated henceforth. Some of the best farmers that the district possesses are those who have come to it after being dried out elsewhere. Arriving in the new thing to poverty, they have gradually obtained positions of affluence. That history will repeat itself in this connection is not at all unlikely. Already many inquiries are coming in which fore-shadow a large immigration.

"That the fall wheat will before long drive most of the spring wheat out of this vicinity may be taken as a certainty. It avoids the dangers of frost and is sown when the farmer has time in his hands. This year, however, the spring wheat is so well advanced that frost damage is extremely unlikely and with the prices that are prevailing there should be a considerable profit to all wheat growers. It is the grain sown on summer fallow and breaking that shows up best."

Now is the time to root out the old pocketbook and get in on our special discount sale on summer clothing at the Boston Store.

tures extensively. When the matinee concluded the management announced that the developing of the films, rushed here on a special train, had not been concluded and that the pictures would go on exhibition at 6:30. If the audience would wait until then they would see them. The audience would wait.

At 6:30 all was expectancy. A small boy rushed in with the films. The stage manager announced that even the managers had not seen the pictures extensively. When the matinee was placed at the enterprise in making the films so quickly.

The fight started. A 135-pound Jeffries dashed through the crowd of "props" around the cheap ring and vaulted the ropes. He was followed by a diminutive Johnson, clad in a white towel. They shook hands and hit each other once.

En masse the audience yelled fake, and moving pictures were stopped. The stage manager was hissed to a whisper when he announced that the management had been tricked.

**COST OF FUNERAL.**  
London, July 13.—The elaborate funeral given King Edward cost the nation \$202,500, as is shown in the supplementary financial estimate issued to-day.

## DOUKS ON A RAMPAGE.

Winnipeg, July 14.—A despatch received from Verigin, near Yorkton, Sask., says a band of about thirty Doukhobors cut loose from the community yesterday, burned their clothing and cash and started to march in a nude condition.

**Thoroughbred Stallion**  
  
**SIX SHOOTER**  
GOVERNMENT OF THE PROVINCE OF ALBERTA, DEPARTMENT OF AGRICULTURE  
No 1036 Certificate of pure-bred Stallion, The Horse Breeders' Ordinance, N.W. Territories, Chapter 23, 1903, the pedigree of the Stallion Six Shooter, described as follows:—Bred, thoroughbred; color, brown; marks, snip on nose, two king stockings; while foaled in 1898, has been examined in the department, and I hereby certify that the said stallion is of pure breeding and is registered in a stud book recognised by the department. Dated at Edmonton this 10th day of June, 1910.  
GEO. HARCOURT,  
Deputy Minister of Agriculture.

**HOLDER of the world's record for one mile and 20 yards, time 1.10, also holder of the track record for one mile and 70 yards. A stake winner, and a winner of six seasons, and the sire of winners.**

**SIX SHOOTER** is by Sir Dixon out of Kentucky Bell II, a full sister to the great Hanover; is a seal brown in color, stands 16½ hands high, and weighs 1225 pounds. Now owned by WALTER SPORLE, Edmonton, and will make the season at his farm on the St. Albert Road.

## THREE WOUNDED IN SHOOTING AFFRAY

Man Apparently Went Suddenly  
Insane and Kills One,  
Wounding Two

Swan Lake, Man., July 13.—A very serious shooting affray occurred here yesterday in the rooms above the Echo printing office, as a result of which Fred Roskelly, Kenneth Peters and Geo. Kilbourne lie seriously wounded. Roskelly is perhaps fatally hurt.

Kilbourne and Fred Bowlerwell were preparing to retire after lunch when Roskelly was forced outside and the door closed on him. He returned, however, in a short time with Kenneth Peters and attacked the door, but they were met by a fusillade of shots from an automatic revolver in the hands of Bowlerwell. Kenneth Peters was shot in the thigh, Roskelly in the

abdomen and right arm and groin. Kilbourne's arm was shattered above the elbow.

**No Attempt to Escape**  
Bowlerwell made no attempt to escape and even assisted in carrying one of his victims to the hotel where he was immediately arrested and is held in custody. All of the parties concerned are well known and are residents of Swan Lake, with the exception of Peters, who lives in Soners.

It is thought, Fred Bowlerwell either went suddenly insane or was drunk. Fred Roskelly is dying. Mr. Peters was operated on and the surgeons say he may live. Kilbourne will recover.

## DOMESTIC SUICIDED.

Grieved at Parting From Family She Served.

Toronto, July 13.—Mary Whitaker, a domestic at 56 Albany Avenue, aged 18 years, committed suicide by taking a dose of laudanum and strychnine.

The girl was very happy and much attached to the family she served. The family are leaving for the West and the girl seemed to take the parting with them very much to heart, although she had another good situation to go to.

## FIRST NORWEGIAN CHURCH

The dedication of the first Norwegian church to be established in Alberta took place in Berio, near To-field, beginning Sunday. The ceremonies in connection with the dedication will conclude this evening. The church is a pretty little edifice capable of seating 350 people. The religion of the congregation is Lutheran. Rev. Mr. Hartsbek is the pastor.

## TO FIGHT STRIKE TO BITTER END

Montreal, Que., July 13.—At a meeting of the builders exchange called today to consider the strike of the bricklayers and stonemasons, it was decided to import all the strikebreakers that can be got from all over the country in order to carry on the work. All the big contractors were represented and it was decided to fight the strike to a finish, and to oppose the demands dictated by the Union at Indianapolis.

## FIREMEN'S ASS'N ELECT OFFICERS

R. B. Bennett is Honorary President—Convention at Red Deer

(Special to the Capital)

Calgary, July 13.—Chief Smart, of the Calgary Fire Department was elected President of the Alberta Firemen's Association for the third time, at the convention which was concluded in Red Deer yesterday. The association has now about one hundred members, and there was a good attendance at the convention which started on Monday. It was decided to hold the next convention at Medicine Hat.

The convention was in the Red Deer Fire Hall, and was opened with President Smart in the chair. Mayor McKee and Mr. Gaetz of Red Deer welcomed the members of the association. From as far south as Pincher Creek and as far north as Ververville the fire fighters came.

President Smart read a paper on the fire department horse and on firemen's associations. Chief Meers of Red Deer, also read a paper. A question box was instituted, and questions written on paper and collected and the experienced members answered them.

**Officers Elected.**  
Officers were elected as follows:

Honorary President R. B. Bennett, K.C., M.P.P., Honorary first Vice-President, Mayor R. R. Jamison (of Calgary); Honorary second Vice-President, Dr. Warlock, M.P.P., Pincher Creek; Honorary third Vice-President, H. H. Gaetz, Red Deer; Second Vice-President, Chas. Kent, Lacombe; third Vice-President, Chief Tucker, Pincher Creek; Secy.-Treas., Asst.-Chief Findlay, Medicine Hat.

## HERE'S AN AIRSHIP WILL BE A WONDER

To Carry 100 Passengers in 40-Mile Breeze at 100 Miles an Hour

St. Louis, Mo., July 13.—The incorporation of the Universal Aerial Navigation Company for a license to conduct business in Missouri has revealed plans for a commercial passenger airship that rivals the dreams of Jules Verne. Officials of the company declare that within a year they will carry 100 passengers in a forty mile wind at a speed of 100 miles an hour if desired.

The machine is the invention of J. W. Oman, formerly of St. Antonio, Tex., now of St. Louis. One is in process of construction in the shop of the inventor here. The new airship is called a gyroplane, from the fact that it is a combination of the gyroscopic, the helicopter, and the aeroplane.

## SOVEREIGN BANK PROLONGS CREDIT

Toronto, Ont., July 13.—At a meeting of the directors and thirty shareholders of the Sovereign Bank, it was decided to prolong its credit with other banks for an indefinite period.

The statement presented contained substantially the same figures as the last Canadian bank statement for May. The total assets given are \$6,543,850, while the May bank statement as \$6,320,000 included in which is \$1,131,820 profit and loss balance.

## STRENGTHEN NAVY IN THE FAR EAST

London, July 13.—There are signs that the navy authorities intend to strengthen the British forces in the far east before long. A number of armored cruisers of the pre-Dreadnought era can now be used for foreign service and similarly certain battleships of old types are also available. These vessels will therefore be sent to the Pacific gradually to supplement existing squadrons, which will thus be considerably strengthened.

## One Want Ad.

Of Every Twenty is the Key to an Interesting Romance

The want ads. touch life so intimately—give reflection at such close range that very often a few lines of classified advertising form the key to a real life romance as pathetic or as inspiring or as dull as could be "found in books."

Sometimes the want ad. is akin in the chain of the story—as a "real estate" for sale ad. often is. Another want ad.—perhaps offering something for sale which would indicate the dissolution of a home—may be the key to a pathetic story more interesting. It could be told, than any fiction. Some other "for sale" ad. may suggest a drop phase of life as appealing as the adventures of Mr. Pickwick.

To those who have insight, who "know" human affairs in this city in their own camps and corners, the want ads. are the BEST current reading matter. And often, a want ad. reader who starts in to find romance clues is surprised to find clues to an amazing number of "other things"—profit-making clues, for instance.

## About Town

The Irish Association will meet this evening at 9 o'clock in Mechanics hall.

The funeral of the infant son of John Blatchford, McDonald, street, will be held on Friday afternoon at 2 o'clock to the Edmonton cemetery.

The Methodists of Norwood are holding a raspberry and ice cream festival on Tuesday evening, July 19th, at the home of Mrs. Page, Carey street.

Dr. Darling has moved his dental office from the Crystal Block to 123 Jasper west, over the Red Cross Pharmacy. New phone number 1668.

A Bruce Powley has sold his jewelry business to A. H. Ferguson, 1601 Rat, Portage, a brother of Robert Ferguson of McDougall and Second's. Mr. Ferguson took possession yesterday.

A meeting of the Edmonton nest of Owls will be held tonight in the Mechanics hall, Third street, at eight o'clock. As very important business is to be discussed all members are required to attend.

A mistake was made yesterday in reporting the address of Mrs. George Douglas as 465 Sixteenth street. The Mrs. Douglas referred to in yesterday's item lives north of the C. N. R. tracks on Sixteenth street.

The city commissioners have received notice from Revillon Brothers that the firm has had the house in which they kept powder and other explosives, situated in Eastwood, removed from that vicinity, in view of the complaints of the residents of that neighborhood.

As fine a sample of strawberries as have ever been, were brought in to the board of trade last night from the farm of A. G. Bennett, between Falis and Wabamun, on the Grand Trunk Pacific, forty miles west of Edmonton.

The berries were much larger than anything usually imported from U. C. or Washington, perfectly formed and beautifully ripened. Not one berry in the two boxes showed a blemish of any kind, and the trainmen who brought them in stated that Mr. Bennett has plenty more like them.

Jack! How is it that Mrs. Brown can yet get a quiet hour and drive her lady friends and you cannot get one safe for me. Well, my dear, Brown

Officially in Charge Spokane—Calgary

## Personal

Miss B. Warman, of Chicago is visiting Mrs. M. J. Maguire, 432 Jasper Avenue, west.

Walter Ramsay, left today for the coast, where he and Mrs. Ramsay will spend the month.

P. J. Nolan arrived in the city last evening on the train from the south. Harold W. Riley, former assistant deputy provincial treasurer, came north from Calgary yesterday and is registered at the King Edward Hotel.

Mr. D. H. Morin of this city, publicity agent of Alberta to the states, left this morning at 9:30 via Grand Trunk Pacific on his second trip to the states in quest of settlers for the province. We wish him the best of success. Mrs. Morin will accompany him as far as Winnipeg, where she enroute for Montreal, where she will visit a sister, whom she has not seen for 25 years. This is Mrs. Morin's first trip east in twenty years.

## FRESH AIR CAMP

There will be an interesting procession pass through Jasper avenue today.

The first party or the camp on the Gibson's park will leave the Aids of office, 360 Jasper avenue East, at 2 o'clock this afternoon. A quite a number of city gentlemen have loaned their automobiles for the occasion.

"Off to the Fresh Air Camp" will be prominently displayed on the leading automobile.

If the weather is fine the whole procession will present a real holiday appearance. Several horse rigs will join the procession. Everything is practically in readiness at the grounds, and an enjoyable two weeks is in store for the mothers and children who form the first party. The work is entirely voluntary, and the management respectfully count upon the financial support of the citizens.

## STRUCK BY LOG, BADLY INJURED

An accident of a rather serious nature but which is not expected to prove fatal occurred at Walter's mill early this morning when a man named Peter Figon was struck by a log. It was coming through the saw. Internal injuries were inflicted, how serious it is not yet known as Figon is in too great pain to permit of a thorough examination being made. It is not exactly known yet how it was that the accident happened; but Figon somehow got in the way of a log which was on the moving table coming past the saw and was struck in the stomach. He was immediately taken to the city hospital where his injuries are being attended to.

## BURGLARS BUSY IN PACKINGTOWN

House Near Packing Plant Broken Into and Valuable Watch Stolen

Yesterday afternoon the residence of Mr. and Mrs. Baxter situated near the packing plant was broken into and a watch valued at seventy-five dollars stolen. Both Mr. and Mrs. Baxter were absent at the time, the former being at his place of business, while Mrs. Baxter was visiting in the neighborhood. While on her return, however, she claims she saw the thief making his exit from the premises through a side window, and upon making an examination of the household effects she missed the watch.

## Mounded Police on Case

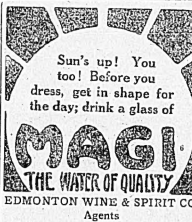

The mounted police were notified of the theft and Corporal Marshall is investigating it. According to a description of the guilty party the thief is a young man, rather tall, and of darkish complexion. He is clean shaven and at the time he was seen was a suit of dark tuxedo.

There have been a number of thefts and cases of house breaking in that vicinity during the last week or two and the residents of the district are beginning to be alarmed. It is believed that the mischief in each case was the same party who perpetrated the theft yesterday.

It is also believed that the marauder is experienced at the game. This is evidenced by the fact that the interior of the house was not upset, showing that the thief knew where the valuables were kept.

## EDMONTON GIRLS IN ACTION.

Half a hundred young women in graceful and intricate movement will be the drawing card at a Midsummer concert to be given this evening at Westminster Presbyterian Church. The old-time May-pole and crowning of the queen is to be the most novel feature of the program, which also includes several vocal, instrumental, and elocutionary numbers. The Westminster orchestra will be in attendance. A great amount of practice work has been put upon the entertainment, which promised to be one of the prettiest and most enjoyable offered in Edmonton for a long time. There is room in the enlarged and newly seated church for a crowd.

## NO ILL AFTER EFFECTS

This morning Mr. William Short, who with his wife and maid were in a motor car which overturned while on the way to the C. P. R. depot to catch the train, announced that Mrs. Short is not suffering from the effects of the accident. The maid has also recovered and Mr. Short himself was able to go to his office this morning and attend to his business. Bruises and shock to nerves were the only injuries that were inflicted.

## OFFICIAL RETURNS

The official returns for the recent bye-elections in Vermilion and Medicine Hat were announced this morning. They are as follows:

Sifton	1028
Clark	712
Majority for Sifton	316
Medicine Hat	
Mitchell	1134
Hicksdale	670
Majority for Mitchell	464

## FIRST JEW AS AN M.A.L.

St. John, N. B., July 14.—S. Hart Green, the Liberal elected in Winnipeg, is a son of Louis Green, of this city. He is a lawyer, and is said to be the youngest M.A.L. ever elected in Manitoba, and the first Jew in any of the legislative bodies of Canada.

## MCLAUGHLIN PAYS PENALTY.

Whitby, Ont. July 14.—McLaughlin was hanged yesterday for the murder of his wife and two children at Exbridge on October 29, 1909.

## EXTENSIVE ALTERATIONS.

Montreal, Que., July 14.—The C.P.R. took out building permits for alterations to the Windsor and Place Viger Stations at a cost of \$1,450,000. \$200,000 for the Place Viger and \$1,250,000 on the Windsor.

There have been a number of thefts and cases of house breaking in the vicinity during the last week or two and the residents of the district are beginning to be alarmed. It is believed that the miscreant in each case was the same party who perpetrated the theft yesterday.

It is also believed that the miscreant is experienced at the game. This is evidenced by the fact that the interior of the house was not upset, showing that the thief knew where the valuables were kept.

## EDMONTON GIRLS IN ACTION.

Half a hundred young women in graceful and intricate movement will be the drawing card at a Midsummer concert to be given this evening, at Westminster Presbyterian Church. The old-time May-pole and crowning of the queen is to be the feature of a lawn social on the Mansie grounds preceding the programme, with the concert following in the church. The programme is unique, and one of the best that the Westminster young ladies, now becoming noted for their excellent concert work, have ever prepared. A difficult and drill that is almost military in its precision and orderliness, and exhibition of club swinging in the most correct method, some fancy marching very cleverly done, with flags galore, and an effective pantomime rendering of "Nearer my God to Thee," are the chief features of the programme, which also includes several vocal, instrumental, and recitationary numbers. The Westminster orchestra will be in attendance. A great amount of practice work has been put upon this entertainment, which promised to be one of the prettiest and most enjoyable offered in Edmonton for a long time. There is room in the enlarged and newly seated church for a crowd.
